Note to Teachers

- ❖ This workbook covers topics related both to language and general knowledge. The language and general knowledge periods are to be used doing linked material work (Activities) and the actual workbook pages.
- ❖ Always introduce the topics, sound, colours orally, first in group lessons through a variety of techniques like:
 - Basket game.
 - Pictures & cards
 - Matching exercise
 - Sorting exercise
 - Real objects
 - Different teacher-made resources
 - Flash cards/pictures
- ❖ Avoid giving the whole class workbooks to write in at the same time. Work with a group of children which will be easier to monitor while rest of the class can be involved in working with related teacher-made material. Later switch the groups.
- ❖ An organized teacher will have pre-appointed group leaders who will distribute sharpened lead pencils and a variety of sharpened coloured pencils on each table.
- ❖ Always explain to the children in the group what is expected of them after the oral lessons and before handing over the workbook.
- ❖ **RESOURCE MATERIAL**
 - Resource material should be laminated with plastic sheet.
 - It should be properly placed in the class with in the reach of children.

❖ DISPLAY

- Create activity corner in the class.
- Charts should be placed at eye level.
- All the displays should be written in given writing formation.
- Every display, corner and class item should be labeled.
- No capitals to be used unless to begin a sentence.
- To create colours corner or any other corner ask the children to bring any object related to that corner two days before the introduction.

❖ Groups will rotated.

❖ Detailed objectives will be explained once before the first introduction of any new concept.

❖ News period & phonic song will be done daily.

❖ Weather, day, date, month, year, attendance, any new experience of children, concept of today, tomorrow & yesterday and general knowledge questions will be asked to the children on daily basis in news period. (Pattern of News Period)

Good morning! How are you? How is the weather today? What day is today? Today is Monday, yesterday was? And what will be tomorrow? If today is 3rd of August then drew & count the 3 beads on the board and say today is 3rd but which month. See the month chart and sing or say the months and stop on August and display it on the top of the chart which is placed beside the black board. Then write the date and month on the board and tell them about year.

Count the children how many are present today. How many are absent (involve the children in all these activities).

Ask them any new or special thing they experienced yesterday. If it is special write it on the board with the name of that particular child.

Sing poem of the days. Phonic song will be sung a group.

❖ Basic concepts e.g. days of the week, months of the year, will be placed in the class from the first day.

❖ Other concepts will be displayed introduction.

❖ In free time when you feel children have finished their work you can tell them any story or sing any rhyme related to on going work.

❖ Extra work (booklets) can also be used in free time.
